

A woman with blonde hair, wearing a dark blue short-sleeved button-down dress with a brown belt and a gold watch, stands on a wooden deck. In the background, the white, sail-like structure of The O2 arena is visible, with several tall masts extending upwards. The scene is set outdoors near a body of water.

## NEC GIVES AEG WHAT IT NEEDS – A FAST AND FLEXIBLE OPERATION FOR THE O2.

The world's most popular entertainment complex, The O2, hosts hundreds of events and welcomes millions of visitors a year. NEC provides The O2's entire networking solution, from the IT platform to IP networking to access control across the site. The result? A fast and flexible operation. Lesley Saville states, "A key objective was to create Europe's most technically-advanced venue. With NEC, we made this happen."
